NOTICE TO PRODUCERS

Due to increased demand and growth, SaskMilk is implementing a **quota increase of 1% effective January 1, 2016 AND a further quota increase of 1% effective March 1, 2016.**

These increases reflect a continuing upward trend in demand. The Canadian Dairy Commission is anticipating growth in demand for production for the next several years, and producers should be giving consideration to long-term growth.

Saskatchewan will need to consider long-term provincial processing and production capacity, and more information and discussion will be coming in the future.

If you have any questions, please do not hesitate to contact Directors of the Board or the SaskMilk office. Director contact information is available in the monthly newsletter and on the website at www.saskmilk.ca.

Any questions regarding your quota position should be directed to Bev Solie at the SaskMilk office at #306-721-9488.
