

# Canadian Agricultural Partnership (CAP) Program Opportunities

Jan 22, 2020

Luke Jorgensen

Ministry of Agriculture, Watrous

*Saskatchewan!*

Canada

# CAP Programming

- Canadian Agricultural Partnership: a \$388 M investment into Saskatchewan over the next 5 years (2018-2023) to continue to help innovate, grow and prosper.

# WARNING!

This is not an inclusive list of programs or eligibility and funding details.

*Please visit our website,  
[Saskatchewan.ca/CAP](http://Saskatchewan.ca/CAP) for more info*

# Basic Eligibility

Producer applicants must be:

- Saskatchewan producers 18 years of age
- Demonstrate a minimum of \$50,000 gross farm income in Saskatchewan
- Premises Identification Number (PID)

## Premises Identification

# Assurance System Producer Program- Dairy

50%  
funding to a  
maximum  
of \$15,000

**Purpose:** Improve biosecurity, animal welfare

**Requirements:** (in addition to basic eligibility)

- ProAction registered;
- Veterinarian assessment /completion of Biosecurity/Animal Welfare Equipment Recommendation Report **BEFORE PURCHASES ARE MADE**

**Eligible Equipment/Improvements:**

- Colostrum batch pasteurizer, foot baths, slip prevention in walkways, loading chute, tilt table/trimming chute, rubberized flooring, improved stall comfort, motorized cow brushes, calving cameras, group feeding systems for delivery of milk to calves

# Farm and Ranch Water Infrastructure Program (FRWIP)

Dugout, Pipeline, and Well Rebate

50%  
Project  
Funding  
Available

- Rebate – Self-assessment checklist
- Projects must have ag use, be fully complete and functional
- Maximum rebate of \$50,000 over five years

# FRWIP:

## Well Decommissioning

- Pre-approval

90%  
funding to  
a  
maximum  
of \$10,000  
per project

# Farm Stewardship Program

BMP	Goal
Permanent Tame Forage	Increased seeded acres of marginal land/saline soils and reduce GHG emissions
Permanent Native Forage	Assist producers to seeding native forage
Native Rangeland Grazing Management	To improve the health and productivity of existing native rangelands
Riparian Grazing Management	Protect water quality and improve riparian area health
Invasive Plant Biocontrol and Targeted Grazing	Address large areas of invasive species with non-herbicide options
Variable Rate Mapping (**REBATE**)	Increase uptake of precision agriculture and reduce GHG emissions
Livestock Operations Suite 	Protect surface water and groundwater resources by mitigating environmental impacts of operations
Drainage Stewardship	Mitigate impacts of improper drainage and increase number of permitted quarters
Multi Producer Water Management	Assist producers working as a group to reduce impacts of drainage on downstream stakeholders
Environmental Solutions	Implement innovative and non-typical solutions to mitigate environmental risk from agricultural operations.

# Livestock Stewardship BMPs

50% funding  
to a  
maximum of  
\$100,000

**Purpose:** to protect and improve surface water and groundwater resources by mitigating environmental impacts from livestock.

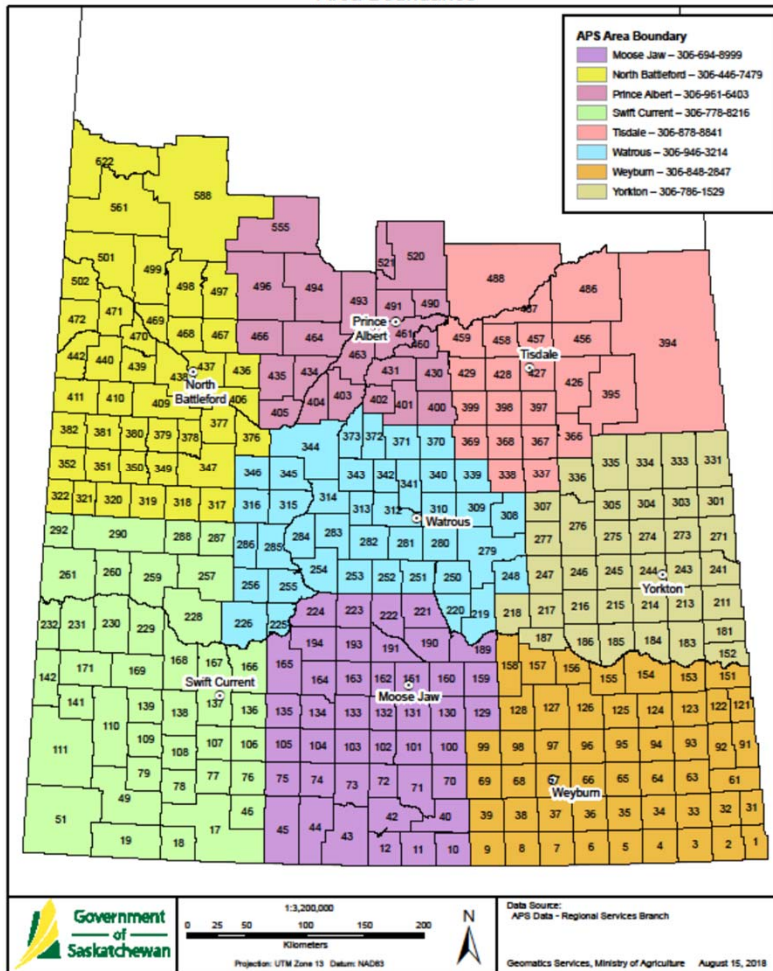

- Relocate Livestock Confinement Facilities
- Improve Run-off Control
- Enhance Manure Storage
- Plan for Carcass Disposal
- Plan for Nutrient Management

# Local/Regional Program Assistance

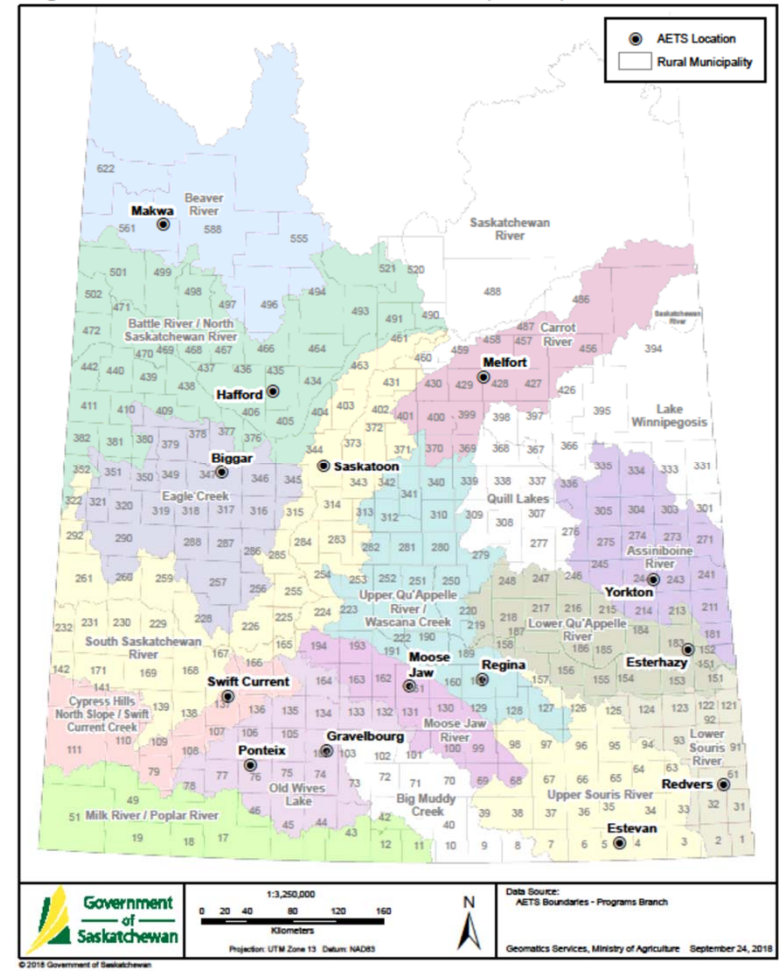

## Agricultural Program Specialists

Agriculture Program Specialist (APS)  
Area Boundaries

## Agri-Environmental Technical Services

Agri-Environmental Technical Services (AETS) Area Boundaries

# Irrigation Program

- Irrigation Development Program

- Secure water supply to the edge of an irrigable parcel (min 10 acres)
- 67% of eligible costs up to \$300,000 per applicant; or \$1320 per new acre

- Irrigation Environmental Efficiency Program

- Low efficiency or high pressure systems  high efficiency, low pressure systems
- 30% of eligible costs to max \$50,000 per applicant.

# Agriculture Skills and Knowledge (ASK)

50%  
funding  
Training  
Only

## Rebate

- 50% of eligible costs to a maximum rebate of \$10,000 per eligible applicant over the CAP term
- Maximum rebate of \$2,500 per applicant per year
- Approved course list on website
- Employees of an eligible applicant
- Min rebate of \$250

# Agriculture Awareness Initiative Program (AAIP)

50%  
funding

- Industry targeted
  - Education and training to engage producers in awareness efforts
- Youth/consumer targeted
  - Development and delivery of tools, resources, programming and communication materials to enhance consumer and youth understanding of, and trust in, modern agriculture.

# Other

- Sign up for AITC's Canadian Agriculture Literacy Month (CALM) by January 31, 2020.
- Canada's Ag Day: Feb 11, 2020
- Agriculture Student Scholarship: Deadline March 1, 2020
