DEAP & DDPP Reminders

DEAP - The new updated Dairy Entrant Assistance Program Policy was introduced this month and is available to view on the SaskMilk website.

The changes to the policy have been made to provide DEAP producers with accessible tools to assist them in developing successful farms and to ensure their longevity through aligning access to grant quota and maximum farm size with current average farm size in the province.

For questions regarding the Dairy Entrant Assistance Program, current participants, or applications, please contact Chris Pinno at (306) 721-9494. For questions regarding the DEAP Policy, please contact Julie Ell at (306) 721-9493.

DDPP - The purpose of the Dairy Direct Payment Program is to support dairy producers as a result of market access commitments made under the Canada-United States-Mexico Agreement. The rate for Saskatchewan is \$274.93/kg of daily quota.

Farmers received their letters for the DDPP in November, 2023, which included instructions on how to register. You must register to receive your payment.

2024 Spring Producer Meetings

Spring producer meetings will be held the following dates and locations.

April 2, 2024- Balgonie Multiplex, 1045 Hwy 364, Balgonie, SK

April 3, 2024 - Eagles Club, 1910 S Service Rd W, Swift Current, SK

April 4, 2024 - Legends Centre, 701 Centennial Blvd. N, Warman, SK

Be sure to save the date for your nearest location!

Saskmilk Gives Back - 2023 Donations

This past fall, SaskMilk once again took the initiative to help those in need. As in previous years, Saskatchewan dairy farmers are showing their support for local organizations that work endlessly to assist those in our province who need it most. Milk, as a family staple in so many homes, is in constant demand and the following organizations are grateful for the support that SaskMilk provides.

SaskMilk was happy to support the Food Bank's Summer Milk Program with 25,000 litres of milk supplied to the Saskatoon Food Bank, and 25,000 litres to the Regina Food Bank; a \$5,000 donation was also made to the Food Banks of Saskatchewan to assist them in purchasing milk for their clients.

Anthony Nienhuis presents a cheque to Michael Kincade, Executive Director of Food Banks of Saskatchewan (left).

In Regina, SaskMilk donated \$10,400 to Carmichael Outreach to support their Family Milk Distribution Program, as well as milk for their Nutrition Program. Carmichael Outreach highly appreciates the donation from SaskMilk, as they recognize the need for the nutrition milk provides for the families they serve.

Souls Harbour Rescue Mission, also located in Regina, was the recipient of \$6,400 from SaskMilk for the purchase of milk. In the past, products have been used for the Green Earth and SHRM Daycare Programs, for the Shayil Program and for emergency services food provision.

Cheers! Some thirsty members of SHRM Daycare Program partake in some wholesome 2% (above).

Finally, SaskMilk donated \$14,300 to the Friendship Inn, which serves breakfast and lunch to people in need, 365 days a year. The staff and volunteers at the Friendship Inn work tirelessly every day to serve meals, with approximately 200-350 breakfasts and 400-700 lunches served each day. SaskMilk is proud to support this organization and their staff are elated that the donation allows for the continuation of their "Milk Mondays".

Anthony Nienhuis presents a cheque to Jannet Reynolds, Head Cook of Friendship Inn, while volunteers make sandwiches for the lunch rush (above).

Teddy Bear Toss Presented by SaskMilk Teddy

SaskMilk was the proud presenter of the WHL Blades/Raiders "Teddy Bear Toss" in Saskatoon, December 27th. Attendance was a season high of 7,920, with close to as many stuffed teddy bears and toys that rained down on the ice. The toys were collected to be delivered later to local children in need and to the Jim Pattison Children's Hospital.

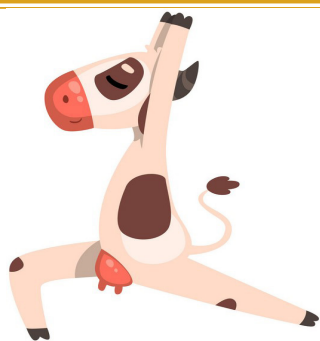

The U-Prairie Challenge presented by SaskMilk is a celebration of varsity sport in Saskatchewan. This annual points-based competition between the University of Regina and the University of Saskatchewan involves men's and women's events, including soccer, football, hockey, volleyball, basketball, track and field, and cross country.

The U of R Cougars faced off against the USask Huskies in a hockey double-header on Sunday, January 7, which wrapped-up the 2023-24 U-Prairie Challenge season.

Chelsea Wilcoxen catches up with Kelsey Garner, Faculty Advancement Coordinator with University of Regina Athletics (left).

Jeph Maystruck from StratLab Marketing assists Chelsea by making a pretty good dairy cow (right).

Mental Health Spotlight

Stretch For Your Mental Health

**The
Do More
Agriculture
Foundation**

Who has ever experienced back pain? Or maybe a migraine? Who has felt out of sorts when they are experiencing this physical pain? We know that we sure have. Physical pain can interrupt our ability to focus, it can make us more reactive, and it can impair our compassion. One way that we can prevent a mental health crisis is to maintain a commitment to establishing our physical health through exercise, eating nutritious food, taking deep breaths and stretching.

Understanding the links between mind and body is the first step in developing strategies to reduce the incidence of co-existing conditions and support those already living with mental illnesses and chronic physical conditions.

When you exercise and stretch, your body releases chemicals called endorphins. These endorphins interact with the receptors in your brain that reduce your perception of pain.

Endorphins also trigger a positive feeling in the body. For example, the feeling that follows a run or workout is often described as "euphoric." That feeling can be accompanied by a positive and energizing outlook on life.

One of the simplest ways to integrate movement into your life is through stretching. The best parts about stretching are that it doesn't take very long and is doable from any location! From sitting in an office chair, to being in a piece of equipment, stretching is an amazing way to interrupt pain with a fresh flood of endorphins!

Stretching isn't limited to just the daily does of feel good chemicals. Stretching also...

1. Improves posture

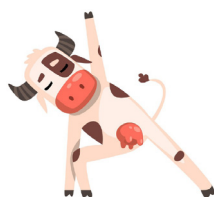

One of the most overlooked components of our overall health is posture. Good posture can dramatically improve certain aspects of our physical health, and bad posture can be highly destructive — causing stiffness, soreness and aching muscles. Without properly stretching, posture suffers, and that can have deep ramifications on our mental health. Some studies have even shown that bad posture can deepen depression.

2. Reduces stress

When we are stressed, it's natural for our muscles to tense up. The slow, calculated movement of stretching is calming to the mind and relieves tension. This makes stretching a very simple but effective way to reduce stress.

3. Helps with the longevity of your joints

Stretching keeps the muscles flexible, strong, and healthy, and we need that flexibility to maintain a range of motion in the joints. Without it, the muscles shorten and become tight. Then, when you call on the muscles for activity, they are weak and unable to extend all the way. That puts you at risk for joint pain, strains, and muscle damage.

The Do More Agriculture Foundation is the national voice and champion for mental health in Canadian agriculture and is changing the culture of agriculture to one where all producers are encouraged, supported, and empowered to take care of their mental wellbeing. Producers are among the most vulnerable when it comes to mental health issues. By collaborating with the entire industry and those working to address the state of mental health in Agriculture, we can and will make a substantial impact.

Students have questions about agriculture.

YOU can help answer them.

February 24	RUSH – Saskatoon
February 24 – 25	TeleMiracle - Regina
February 29 – March 3	Persephone Theatre - Saskatoon

Quota Exchange

The market-clearing price established for the January 2024 Quota Exchange was \$41,025.00.

The next Quota Exchange will be held on **February 15, 2024**. All offers to sell and bids to purchase quota through the Quota Exchange must be submitted by midnight, **February 6, 2024**. SaskMilk recommends that offers and bids be submitted well in advance of the deadline date to ensure adequate time for corrections, if necessary.

When making bids on the Quota Exchange, the price on offers to sell quota is the minimum price that the producer is prepared to accept for that quota. Only if the market-clearing price is equal to or greater than the producer's minimum price will that producer qualify for participation in the Exchange. Conversely, the price on offers to purchase quota is the maximum price that the producer is prepared to pay for that quota. Only if the market-clearing price is equal to or less than the producer's maximum price will that producer qualify for participation in the Exchange. The clearing price is set at the price where the smallest difference exists between the accumulated volume offered for sale and the accumulated volume bid to purchase. The results of the Quota Exchange are outlined in the following table.

JANUARY 2024 QUOTA EXCHANGE RESULTS

Market Clearing Price per Kilogram of Butterfat	\$41,025.00

DFC Update

Join DFC for the Annual Policy Conference, February 5 - 8, 2024

Join Dairy Farmers of Canada February 5 – 8 for the Annual Dairy Policy Conference. This year's theme is "Building a Robust and Modern Canadian Dairy Industry for the Future."

The next few years are poised to be pivotal for the dairy sector as it navigates a landscape shaped by new realities. With evolving consumer preferences, environmental impacts, and technological advancements, the industry faces both challenges and opportunities. Fortunately, amid these circumstances, the dairy sector has demonstrated remarkable resilience and a capacity for creative adaptation.

It has embraced innovations in sustainable farming practices, diversified product offerings, and made significant commitments towards Net Zero by 2050. As a result, confidence in the industry remains positive, paving the way for a dynamic future where dairy continues to play a significant role in our changing food ecosystem.

Join producers from across the country and stakeholders in the dairy sector and Canadian agriculture to hear from prominent speakers on the Canadian consumer trends and economic and public policy trends that are shaping the future of dairy!

Registration closes February 2. You can register by going to

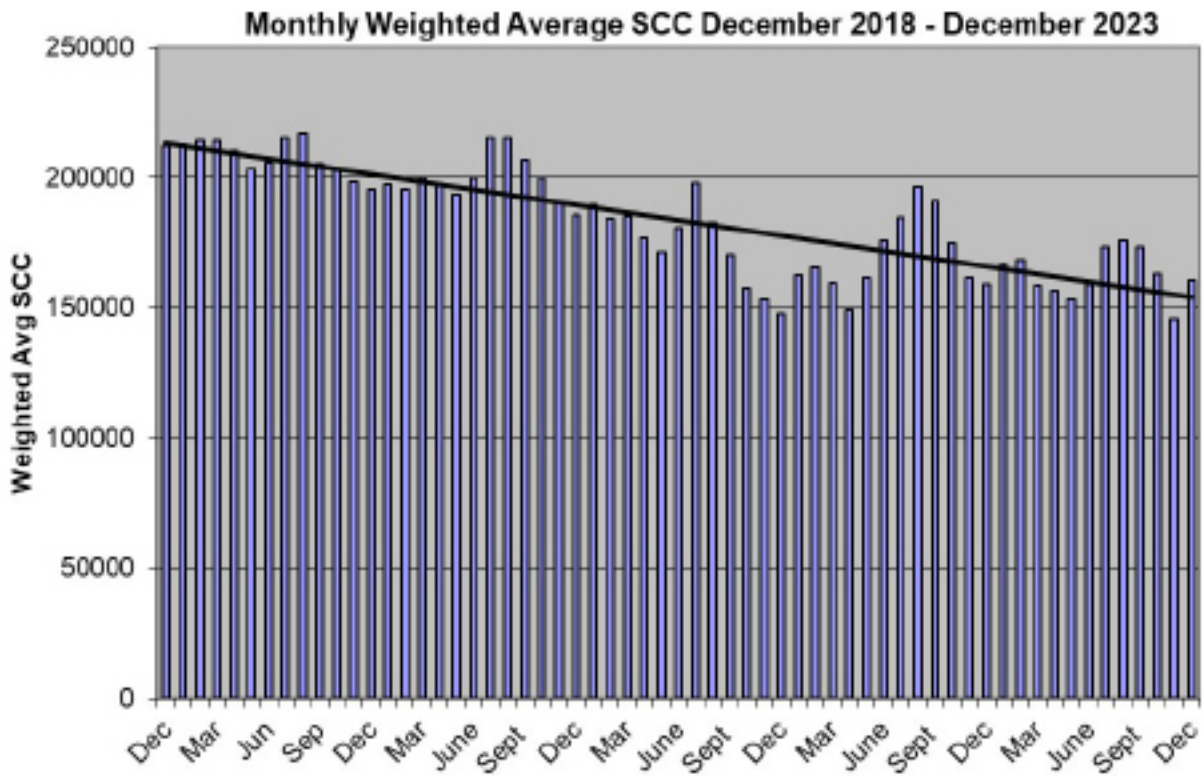

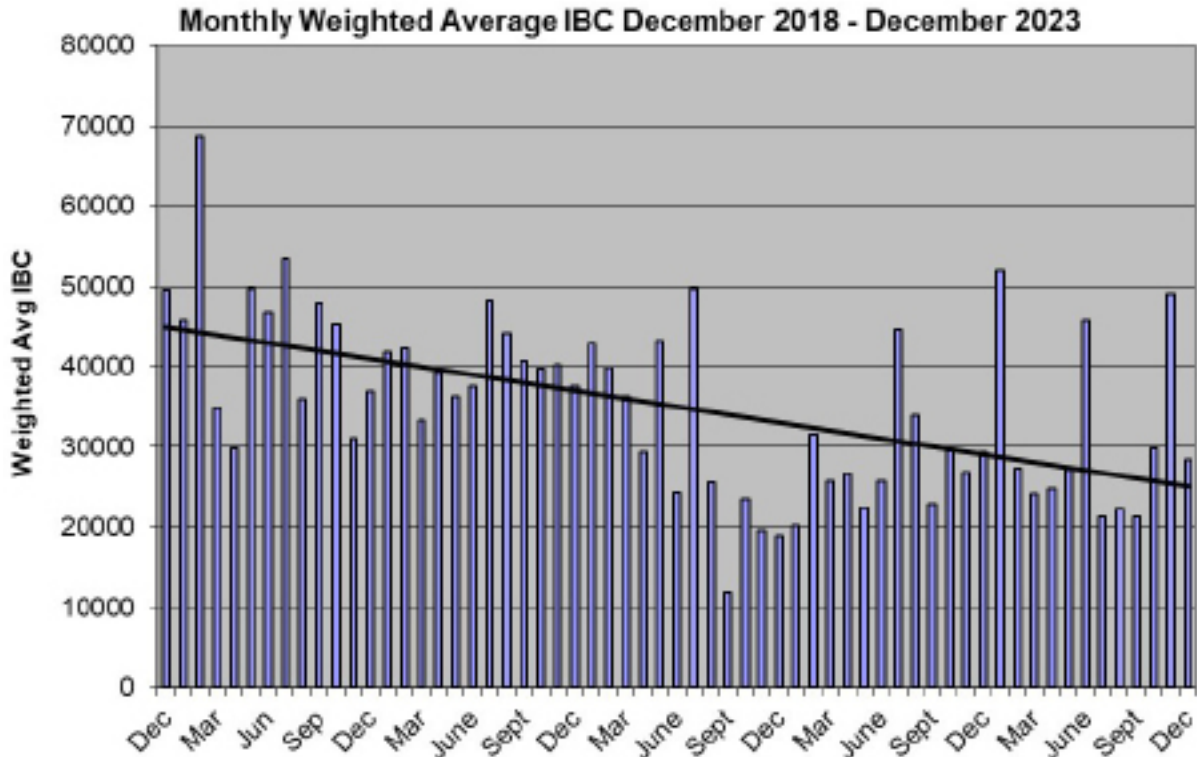

<https://na.eventscloud.com/website/62274/home/>.

Classified Ad Service

SaskMilk offers a free classifieds service as part of its newsletter. Anyone wishing to place an ad is welcome to contact the SaskMilk office at (306) 949-6999 or info@saskmilk.ca. All negotiations will be independent of SaskMilk. Please note that ads will be posted in two issues and will then be removed unless SaskMilk is notified otherwise.

Reminder!

The deadline date for Quota Transfer, Quota Exchange, and 10% Transfer Limit Exemptions is the 6th of each month

Your Quota Transfer, and 10% Exemption Applications must be received on or before the 6th of the month in order to be effective the 1st of the following month
Quota Exchange forms must be received in the SaskMilk office on or before the 6th of the month for that month's Exchange.
